SKILLS

JavaScript, TypeScript, React, Redux, RESTful APIs, HTML5/CSS3(Sass), Node.js, C#, Java, Python, SQL/NoSQL, Git

EXPERIENCE

Junior Front-End Developer/ Hoverstate - Lehi, UT (Remote)

June 2021 - Feb 2022

- Migrated and refactored website into mobile app, resulting in deployment of both mobile iOS and Android builds using Ionic SDK, ReactJS Hooks, Redux and CSS(Sass) for client, Jazz Pharmaceuticals. (myWAV app)
- Implemented over 100+ Google Tag Manager components for both website and mobile apps to assist clients in tracking of user activity on website, analytics and remarketing for Jazz Pharmaceuticals. (www.mywav.com)
- Collaborated closely with System Architects to develop RESTful API endpoints that deliver JSON payloads and use queries to tailor marketing inventory according to United Fleet Management's customer ID selected. (www.unitedfleetmgmt.com)
- Remediated Pentest vulnerabilities for HTTP response headers by writing security configuration in Java for X-Frame-Options, Cross Site Response Forgery, Strict-Transport-Security, and Content-Security Policy.

Junior Mobile Developer / GlobeChat - Newport Beach, CA (Part-Time)

Jan 2021 - June 2021

- Assisted development and implementation to change management workflow for QA code, resulting in debugging 46 development bugs within 3.5 weeks before launch of the beta version.
- Maintained React Native codebase and submitted readable and reusable code.

Freelance Web Developer/ NDA Stealth Company - Irvine, CA (Contract)

Aug 2020 - Jan 2021

- Developed websites/web apps using JavaScript, HTML, CSS(Sass) and React.
- Assisted product to build out MVP by implementing a user driver license validator on reservation form.

IS Compliance Analyst/ Optomi IT Staffing - Irvine, CA (Contract)

March 2019 - Jan 2020

- Assisted HireRight with third party auditors to answer security questionnaires to attain audit certifications for ISO 27000 and SSAE16.
- Remediated Confie's PCI security risks, resulting in passing audit and receiving Report of Compliance certificate.

IT Compliance Analyst/ NORDSTROM Inc. - Los Angeles, CA

July 2017 - March 2019

- Translated audit and compliance requirements to VP of Engineering and Platform Engineers who are all stakeholders for audit controls, resulting in development of access management procedures for SQL database administrators.
- Implemented a quality assurance program to pass SOX IT302 control testing, resulted in removal of 2,000+ legacy user accounts from 5 different application databases (SQL).

Internal Auditor / PROVIDENCE HEALTH & SERVICES - Burbank, CA

July 2016 - July 2017

- Conducted root-cause analysis of inefficient department workflows, resulting in writing audit reports for each business unit to remediate IT security risks.

IT Compliance Admin / DELL Inc. - Palm Springs, CA

June 2014 - July 2016

- Trained clinical staff in the interpretation of HIPAA standards and formulation of corrective action plans for failed audit controls, resulted in a monthly facility compliance rate of 84%.
